BETWEEN	HALEY JOHNSTON Applicant
AND	CAPELLI HAIR EXTENSION LIMITED Respondent

Member of Authority: P R Stapp

Representatives: Michelle MacManus for Applicant
Karl Gill for Respondent

Investigation Meeting: 18 November 2009 at Palmerston North

Determination: 18 November 2009

CONSENT DETERMINATION OF THE AUTHORITY

Employment Relationship Problem

[1] The parties attended the investigation meeting and after the evidence had been presented from 4 witnesses, and before final submissions were presented, the parties reached a settlement. A signed settlement was handed up that both parties agreed settled the employment relationship problem. I was satisfied that the signed settlement and the parties' confirmation of that resolved the employment relationship problem. It is not necessary for me to record the facts and the evidence.

Consent orders

[2] By consent the terms of the parties' settlement become an order of the Authority.

[3] Also I order by consent that the terms of the settlement be prohibited from publication. This is to preserve confidentiality that both parties have agreed to.

[4] I therefore close the Authority's investigation into the employment relationship problem.
