CONSENT DETERMINATION OF THE AUTHORITY

Employment relationship problem

[1] During the Authority's investigation meeting yesterday the parties advised that they have now settled all employment relationship problems between them. They have recorded the terms and conditions of their settlement in a confidential settlement agreement ("the Settlement").

[2] The parties ask the Authority to issue consent orders in respect of the agreed terms of the Settlement. Accordingly, by consent and by order of the Authority the agreed terms of the Settlement now become final binding and enforceable orders of the Authority.

[3] The Authority also issues a non-publication order over the terms of the Settlement with the original Settlement being held on the Authority's file.
